

Victoria Park Library Mural by Liliana Stafford

Watch the children's area of the Library be transformed by artist and illustrator Liliana Stafford during the month of April, as part of the Victoria Park Art Season. Make sure to pop in and see Liliana at work throughout the month.

Liliana is an award-winning artist, illustrator and writer who has published twelve books including two titles which have been published internationally. Currently Liliana is working on a series of illustrated story books for children age four to seven called The Garden Dwellers.

"I envisage the mural as a scene from a magical garden. The butterfly hatching and flying away is symbolic of the curious child (caterpillar) exploring through books and spending time in the library (chrysalis) in order to grow wings and fly."
Liliana Stafford.
